The temperature will be assessed by Aligned Leisure staff and reported to the PNA Umpire Developer on staff for the competition. An announcement will be made over the loudspeaker for patrons, players and umpires. This is to be repeated at the beginning of each timeslot. Once over 30 degrees, 1 minute additional break time will be allocated per quarter (shortening quarters). Where additional breaks are required for the centre player, a rolling sub may be used mid quarter.

Where the recorded temperature on court reaches Extreme, Aligned Leisure staff will inform the PNA Executive Committee of competition cancellation. Aligned Leisure will also inform Clubs and team captains of the cancellation as early as possible as per heat policy above.

Please refer to the link heat policy above for further details.

All matters not contained herein will be dealt with at the discretion of the Executive.
